Ebbingham Military Cemetery

Ebbingham
Departement du Nord
Nord-Pas-de-Calais France

Cemetery notes and/or description:
Ebbingham is a village halfway between St. Omer and Hazebrouck. Ebbingham Military Cemetery is 600 metres from the centre of the village heading east on the D55. Turn right on to the 'Rue des Loups' and the Cemetery is a further 500 metres on the left hand side opposite the wood.

The cemetery was begun by the 2nd and 15th Casualty Clearing Stations, which were located in Ebbingham in April 1918 at the beginning of the German offensive. They used the cemetery until July. Further graves were added after the war from two nearby churchyards.

Ebbingham Military Cemetery contains 441 Commonwealth burials of the First World War, and one from the Second World War. There are also 11 German burials. The cemetery was designed by Sir Herbert Baker.
